This document deals with today's global socio-economic-political crisis resulting from globalization for which no one seems to have the answer. We contest that Christ has the answer and has revealed it to us through the "Kingdom Now" mandate.

Preamble

At one time, the creation of wealth was entrusted to the economy, and then the task of distributing it was assigned to politics. Today this is more difficult, given that economic activity is no longer circumscribed within territorial limits, while the authority of governments continues to be principally local.¹ “Globalization is a process by which the people of the world are unified into a single society and function together. This process is a combination of economic, technological, socio-cultural and political forces. Globalization, since World War II, is largely the result of planning by politicians.”² *However, the very same ones, who preach about breaking down borders that are hampering trade for the capitalists, are the ones building walls curtailing immigration and outsourcing. So not all are winning in this process!* Tiziana Terranova observes that globalization has brought a culture of "free labour." In a digital sense, it is where the individual (contributing capital) exploits and eventually "exhausts the means through which labour can sustain itself."³ Globalization is subtly undermining especially the labouring states within the global economy. Yes! These are times of global anarchy when “might is right” and subversion through terrorism has become the name of the game. A sky-high ministry of global polity is needed to rein in the global anarchy. While such a ministry is no doubt helpful, it becomes meaningless if God is not preeminent in it. When i say “God,” i am referring here to the all-pervading Spirit. The answer lies in God providing the solution through His representatives, each

elected by Him to be an *Ambassador* for Him here on earth. We cannot have any more of half-hearted believers at the helm of affairs; not even the supposed friends of every god, for in truth they are friends of really no god. What's more, *the democratic system*, which pits one voter against the other, as also one minority against the other, is so flawed that the citizenry cannot do business with that best-among-the-worst so-called "honest" bureaucrat, but rather we need him to be a dishonest one, for only then can the citizenry command reporting and accountability from him (citation soon). In God's view I believe, these politicians are worse than the golden calf idol of Moses' times that the people set for themselves with gold got from everyone. "When a State promotes, teaches, or actually imposes forms of practical atheism [a.k.a. SECULARISM], it deprives its citizens of the moral and spiritual strength that is indispensable for attaining **integral human development** and it impedes them from moving forward with renewed dynamism as they strive to offer a more generous human response to divine love."⁴ Secularism is a failure and the current global status quo is actually an indictment against it.

April 2006 saw *Soft Paternalism*⁵ emerging as a better alternative to the allow-to-do (purportedly self-regulating) free market. But of course a worthy Paternal was needed for any sort of Paternalism to work.

Two thousand years ago, our Lord Jesus Christ revealed God to the world, and He Himself became a role model for all mankind by

conquering death; something that no one has ever done before. Death could not hold Him down because He did no wrong. Today we in the Church are His representatives and ambassadors. He lives *in us*, which is our hope of glory and of kingdom here and now. The Lord has made us living monuments of His love, so that His love might be shed abroad through us. Therefore, the Church, through her service of love and justice, has the answer to the lawlessness and anarchy today. Billy Kim of the Church in Korea remarked: “The United Nations cannot stop lawlessness in the world. Education cannot stop lawlessness. All the armies in the world cannot stop lawlessness in our society. Only the [transforming] power of the Good News of the Lord Jesus Christ can stop the lawlessness of our world.”⁶ *But we will remain “sterile” if we merely proclaim the Good News without first winning the stranger by meeting his immediate needs.* “Testimony to Christ's charity, through works of justice, peace and development, is part and parcel of evangelization, because Jesus Christ, who loves us, is concerned with the *whole person*.”⁷ This need of “*wiping every tear from their eyes*”⁸ requires a concerted action, which can only be orchestrated by a sovereign global polity of Christocracy (government of Christ by His Bride); first to *uphold* the proclamation, and secondly, to bear testimony to the *power of resurrection* at work in us, vis-à-vis managing the environment and everything therein. All of which, we are here distinguishing as *Agape TiE®—The Totally Integrated Environment®*, or the eThrone.

The Church takes responsibility for the anarchy and the outcry ensued by Globalization!

“Globalization has made us all neighbours but it has not made us brothers”⁹ writes Pope Benedict XVI. At the outset, “religion and spirituality are what make us humane,”¹⁰ testifies Dr. Y. S. Rajsekar Reddy, Chief Minister of Andhra Pradesh, India. Therefore governments based on religion ought to have succeeded even in this single global society that globalization has turned us into. Because the Good News has been globalized, reaching the uttermost ends of the earth, which is the required reach for the visible reign of Christ to come. And globalization could be a **“globalization of prosperity,”** says Arindam Chaudhuri—a statement that would have rung true if we were keeping the Commandment of Christ. But the **globalized** nations like the USA and the UK, which are developed and capitalistic have adopted the “laissez faire—license-to-even-sin anarchistic—economic policy with Calvinistic ethic” rather than a paternalistic and engaging economic policy with Arminian ethic. This has left everyone frustrated and has **caused** the current global anarchy (Ref.: *“Ushering-in Christocracy & Global Paternalism,”* published at Skyfeast.org). **Now, the dynamics of this globalization wave, even though it is of tsunamic proportions, is subtle. So people require not relief, but regulation, and a means to ride it!**

Should we regulate using morality?

Prime Minister Dr. Manmohan Singh of India acknowledged in late 2008: “Present crisis is due to a failure in regulation. In this age of globalization we have a global economy of sorts. But this global economy is not supported by a global polity to provide effective governance.”¹¹ Former President Franklin D. Roosevelt of USA admitted: “We have always known that heedless self-interest is bad morals; we now know that it is bad economics.”¹² The 2008 Nobel Laureate Paul Krugman added that the converse is also true: “Good morals are good economics!”¹³ So yes, we must regulate using morality.

There is also the paradoxical cry of the Terrorist

With terrorism on the rise perpetrated both by guerrilla groups and even states, there is no one to adjudicate on the legitimacy of the use of physical force. No doubt terrorists do their deeds to be noticed by men, but the lone terrorist caught alive after the recent Mumbai attack of 2008, revealed that he did it for money and due to sheer frustration on seeing the poverty of his countrymen.¹⁴ I propose, what is needed is not merely an economic antidote but also a socio-political one at that, quenching everyone’s thirst for divine intervention.

But whose morality gets legislated?

“Macroeconomic difficulties need to be addressed by macroeconomic remedies,” agrees economist Jagdish Bhagwati.¹⁵

8 | Globalization Tsunami

But secular men can provide remedies, if any, at the most for a nation because their broad vision can extend only so far as their country's borders. Global polity, on the other hand, is in the purview of God alone and not some G-7 or G-20 states, in which case it would only be hegemony. Hence, providing a legitimate and yet viable global polity of morality, falls squarely in the plates of God's elect.

Moreover, as W.T (Ted) Hind reasons: "Since societies cannot avoid legislating morality, then societies should legislate God's morality."¹⁶ So who is this God of the elect whose morality forms the basis for legislation? Thus says the Holy Spirit: ***"As for God [of the Bible], His way (the morality embodied by Jesus Christ) is perfect; The word of Yahweh is proven/trying [with the life, death, burial and resurrection of Jesus Christ as attested by a cloud of witnesses]; He is a shield to all who trust in Him."***

Jesus, who cried to the Father before His crucifixion, *"Yet not as I will but as You will,"*¹⁷ kept the **spirit** of the Law of God, while His contemporaries were wishfully applying the **letter** to suit their own selfish ends. It follows then that the **Law of the indwelling Spirit of Jesus** is what needs to be legislated, with the Acts of the Apostles—Chief Apostle being Jesus Christ Himself—becoming the *Precedent*. Therefore emphasis shifts from legislation to the legislating body—the Bride of Jesus Christ—which also does the interpreting.

Greater Hebron

What is Hebron?

- Historically, it is a mountainous area, inherited by son of Jephunneh who wholeheartedly followed the God of Abraham, Isaac and Jacob; and also where King David was coronated;
- However, it means an *association* or *church*; and
- It is also a regional headquarters in Hyderabad, India of churches planted by Brother Bakht Singh.

Greater Hebron of tomorrow will be a virtual mountain with “living stones” assembled on top of each other, exalting Christ—the Capstone—in the chain of human government, worldwide.

A critique of various other virtual mountains in my search for a pearl

The Roman Catholic mountain is unregenerate on account of favoring a kind of salvation by works that are not by faith in the indwelling One who comes to reside in us only after a *conversion* experience (*Ref.:* “*Why am I Arminian (Muslim-Christian) and not Roman Catholic,*” published at Skyfeast.org forum).

Calvinistic mountains are seen as levelled (Luke 3:5) for favoring a soteriology of conceit; one of individual predestination by unconditional election, rather than corporate predestination of a hypothetical remnant who will abide in Christ till the end even as they bear fruit by faith in the indwelling One (*Ref.:* False doctrine of “*Eternal Security*” demolished with the “robot/puppet”

argument; “*Justification by Faith Alone*” argument demolished by the impossibility of crediting both the believer and Christ at the same time with the same righteousness for the same work—published worldwide at StudyLight.org and Skyfeast.org forums).

The State of Israel is a **synagogue of Satan** for maintaining their claims of inheritance by birthright through corporate election of Israel; codifying the righteousness of God in terms of their own skewed adherence to the Mosaic Law – a legalism sans faith and humility. Dishonoring the Son, they have dishonored the Father who sent Him and thus ceased to be partakers of the promise. For, “the promises were not and cannot be made effective through sinful man’s keeping of God’s Law” (Ref.: “*God’s plan for Israel rests within the New-man!*” published at Skyfeast.org; “*The Wittenberg Door*” published at IfAmericansKnew.com).

Muslim Brotherhood has **zeal to do the will of God but blind to the will itself—‘will perish at this rate.** Religious pride made them blind to the will, which is to avail mercy that is freely available through the Lord Jesus Christ for the atonement of sin, to satisfy the requirements of a just and sovereign God who cannot just wink at sin for any reason. They may be committing the unpardonable sin, for they reject out of unbelief, the very remedy that can save them (Ref.: Matthew 12:31, The Bible).

Hindus who have *bakthi* (agape love and devotion for God the Spirit) are finding the *jnana* (knowledge) of ParaBrahman that came in the embodiment of Jesus Christ, which is eternal life and

are obtaining *moksha* (salvation) (Ref.: John 17:3; “Hinduism & Christianity: A study” published at TruthUnleashed.org).

Local mountains of Jesus Christ are in a state of **treason** for trying to build their own little empires at the expense of the kingdom of God. Coupled with this, the world’s attribution of the leadership of the universal Church to the imperfect Roman pontificate, gave rise to improper structure in her, making it impossible to give “cover” as a hen gives cover to her little ones. Therefore, enemy playing havoc among us (Ref.: “Abomination of Desolation,” Skyfeast.org).

Beulah: A Christocratic “Globalized Local”¹⁸ that will be married to the Lamb of God

A **Business Plan** has been written for this very purpose (available upon request). Thus says the Spirit of Jesus: ***“Foxes have holes, the birds of the air have nests but the Son of Man [who is today a body corporate] has no place to rest His head.”***

Reasons for Soft-Paternalistic Global Polity of Christocracy with Arminian Ethic

- As said earlier, the need arises in view of the failure of the “laissez faire (license-to-even-sin anarchistic) economic policy with Calvinistic Ethic” adopted by ***capitalistic nations*** that has left everyone frustrated and caused the current global anarchy;
- In view of the United Nations, World Bank, and IMF being weak and illegitimate institutions because it is the United

12 | Globalization Tsunami

States and the United Kingdom who gave them the authority in the first place; and

- In view of global governance itself being in the purview of God and His Christ alone.

A viable soft-paternalistic global federal is the basic need of the world-at-large today to **ride, regulate, arbitrate** and even **steer** the globalization tsunami.

The insignia of the *Agape TiE*[®] Ambassador is **Agape TiE**[®] (*The **Totally Integrated Environment***[®]), which is associated with the business, the Church (kingdom-in-dispersion), and the Global Federal (globalized local) in one entity. And under the aegis of which “harvesting” (*Operation Agape TiE*[®]) is done with the “net” (Matthew 13:47-52). Comprehensive ministerial goods & services are offered through **Agape TiE**[®] *Christian Lifestyle Enablers*, making profit for the common good. This model is desirable for the kingdom-of-God because it facilitates cross-fertilization between different types of business activity, with shifting of competences from the “non-profit” world to the “profit” world and vice versa, from the public world to that of civil society, from advanced economies to developing countries. All true sons of God (i.e. those who hear and do God’s will) are corporately embodied into the Bride of Jesus Christ.

Agape TiE[®] otherwise is the Bride's Nervous System viz. the synergistic organization of interactive meatspace and cyberspace of all Christians worldwide. The **Totally Integrated Environment**[®]

constituted at the body's "neck" by the use of the "Enablers" is a governing environment for Christ—through His Ambassadors—to rule the world alongside His Bride. It enables Christians of local churches of agape love to be "raptured" to [Skyfeast](#) to be with Christ. It can be thought of as an Enterprise Resource Planner on the Internet for the body that is distributed around the globe, enabling her to move from individuals/churches thinking and taking action independently, to the whole body thinking and taking action collectively. This results in overall economy while attaining synergy for mankind. In so doing, the Bride expects to orchestrate a higher standard of living, both for the digirati and the common man because the "Enablers" integrate everyone—literate and illiterate, poor and rich, far and near—into a *Synergistic Economy of Christocracy*.

The heavenly Father's gift to the world today: *Soft-Paternalistic Christocracy!*

Poor and Developing nations stand to gain economically by ushering-in global polity of Christocracy—the consummation of the salvation of man—because they will finally receive their recompense. **Christ is architecting the organization of the kingdom-in-dispersion and implementing Christocracy in the world through His Servants.** These are chosen by virtue of their **humility**—of becoming so small as to die to their self-will on a daily basis, and having entrusted themselves to the Spirit of Jesus of agape love, by letting His will prevail in them. Soft-Paternalistic

Christocracy works, unlike anarcho-capitalism, because the world is reconstructed with God's help, in freewill, from its fallen state, by the Bride's internal struggle between love & justice of Christ.

Who the Bride is: *The Remnant Overcomers* (Chosen) having a vital relationship with Christ

We are those, who hold and carry out in practice, the principle that the Lord Jesus Christ is Lord of all, and that His Law should have a Christocracy in the world-at-large. Her authority, as bestowed to her, extends to all nations to make them active adherents for the kingdom (Matt 28:16-20). Our Creed (Statement of Faith) is at ChurchOfAgapeLove.org.

Special Drawing Rights (SDRs)¹⁹ to nations and even to individuals

I, Caleb, formerly known as Sitaram/Suresh, a convert to Christianity, who today has an apostolic commission for **Operation Agape TiE**[®], do testify herewith: Worthy is the Lamb (all those in Jesus collectively with due ranks for each) to govern the world through His Bride (that part of Him which is visible on earth for all practical purposes) under Christocracy and render justice to the nations as well as to the individuals! He shall grant SDRs to the nations so they may convert their currencies to ones they desire including into an **Agape TiE**[®] Standard, based on judicial deliberations.

Monopoly on the legitimate use of physical force

With the advent of state terrorism and preemptive wars on the rise, including what is attributed to the USA, the actual application of violence may be delegated or permitted exclusively by the Global Federal. This is the reason why the Soft-Paternalistic Christocracy is a socio-economic-political-military antidote with “*real teeth*” unlike others that are pretentious solutions.

RESULT: A new world order, Justice, Peace & Wealth

Soft-Paternalistic Christocracy is not communism as it is not questionably egalitarian but a meritocracy for the global common good, following the principle of “**Subsidiarity with Solidarity**” outlined by Pope Benedict XVI in his encyclical “*Charity in Truth.*” While God’s message today is “*Love in Truth*” for the Roman Catholic Church, it is perhaps “*Truth in Love*” (Ephesians 4:15)²⁰ for the other churches. One is rewarded equitably for exercising his/her **S.H.A.P.E.** (Spiritual Gifts; Heart; Abilities; Personality; and Experience)—an acronym coined by Rick Warren²¹. The Global Federal does not usher-in the demise of the States but rather enables them to model after it and reconstruct themselves, which will be the key to their own development. But if the dispersed and decentralized structure and architecture of the kingdom of God—made manifest by the Global Federal—is to count for anything at all, we need to know if the “righteous” are seen in the outer-net world as the heirs of the earth, or merely the *avant-garde* of a new

configuration of labor that are not automatically guaranteed elite status.

Nations can vindicate themselves, as the case may be, even at this last moment and actually subscribe to a potential World Parliament of Christocracy based on Jesus' Sermon on the Mount.²² It is also expedient on the part of developed nations to acquiesce. Thus says the Holy Spirit, assuring the nations: *"No one can say, 'Jesus is Lord' except by Me."* Again He says, re-assuring the nations: *"The Son of Man is Lord of the Sabbath,* in a sense that He is above the Law and knows when to overrule because He is the Creator of the Law."

Conclusion

This document has been about broadening the scope of reason for a Global Federal of Christocracy and making it capable of being known and directing this powerful tsunami of globalization, animating it within the perspective of the "civilization of love," whose seed God has planted in me. It is now everyone's lookout to confirm for themselves whom God has elected. Please contact me at Caleb@AgapeTiE.org to give your support in a few words. The giant tsunami has already devastated many countries and is not about to stop. It "presents us with choices that cannot be postponed concerning nothing less than the destiny of man," writes Pope Benedict XVI. Hope you will dare to ride the tsunami by subscribing/acquiescing to the empowerment of God's elect!
